

Nayland with Wissington Parish Council

Annual Parish Assembly, 30th April, 2025

Fairfield Recreation Ground, Bear Street

The Council is responsible for both the Playpark and the adjacent playing field. Equipment has been updated and the wonderful bequest by the family of local teacher, Margaret Underwood to part-fund, with the Council, the new trampoline and cradle swing has provided much used attractions. Seating has been improved, and new fencing is planned. Weekly inspections are made by the Council. Together with our contractor, potential hazards are identified and rectified. The Annual Independent Safety Inspection was made about a month ago. The qualified Safety Inspector reported, in his introduction to the detailed assessments, "I am pleased to say that the park is in very good condition and well maintained. The perimeter fence requires attention as you will see on the general report."

Restrictions to parking space remains an issue in the area.

Cllr Gerry Battye

Fairfield Recreation Ground Sub-Committee
